

been supplied with the required medical reports as to his permanent disability.

Councillor Knibb expressed concern about the number of City employees retiring under disability in that, in his opinion, the City is a safe and reasonable place in which to work, and he suggested that action should be taken not only because of the effect on the Pension fund but also that the City wants healthy employees to work through until retirement age. Mr. Wilson confirmed that the above persons are retiring under section 9(1) which is non-job related disability, and advised that not many employees retire under section 9(2) of the Act which deals with job-related disability.
